## Welcome to Bath

The city of Bath, a World Heritage Site, is one of the most fascinating cities in England. The city, which developed around its hot spring waters, is a remarkable blend of Roman, medieval and Georgian architecture, combined with a thriving shopping centre and excellent leisure facilities.

Bath offers the following:

- One of the finest examples of a Roman spa in Britain
- Excellent shopping centre with many small boutiques alongside the better known shops
- Superb restaurants, cafes and coffee bars
- Regular exciting street entertainment
- Two local cinemas (including a Multiplex) showing the latest films
- Several theatres including The Theatre Royal, one of the best theatres outside London
- A great many museums and historical sites
- Excellent leisure facilities including parks, sports centres and the Bath spa
- Easy access to walking in the beautiful Somerset countryside
- Fast train service to London every half hour
- Close to many great places of interest such as Bristol, Oxford, Stonehenge and Glastonbury

## Bath Spa University

Our course takes place at Bath Spa University, a spacious campus just four miles outside Bath. Period and modern buildings blend together against a beautiful backdrop of fields, lake and woodlands, designed by well-known architect Capability Brown in the 18th century.

Modern facilities include state-of-the-art classrooms, ICT, and both indoor and outdoor spaces for drama, art and music, as well as sports fields.

There are plenty of green areas, perfect for sitting with friends, studying in the sun or admiring the view. Standard and en-suite accommodation is available on site.

## Accommodation

Residential accommodation is in purpose-built blocks, conveniently located close to the main study area. All rooms are single. Some are en-suite and some share bathroom facilities. All accommodation has communal kitchens and common rooms, and secure entry.

## Student Welfare and Medical Care

All our staff are employed using stringent recruitment methods and receive training regarding student welfare and child protection. Furthermore our teachers are fully briefed to notice if a student is not performing well in class, or appears unhappy. They will report such occurrences immediately to the Welfare Officer, who can then investigate and take the appropriate action. We maintain a good supervision ratio of staff to students, both during activities on-site and excursions off-site.

We keep a record of all student's medical conditions and requirements, so all staff are aware of specific conditions, e.g. food allergies.

If a student becomes unwell, we will take them to a local doctor's practice used to dealing with students during the summer months. The campus has first aiders on site. For out of hours incidents, we can contact the Urgent Care department at the Royal United Hospital in Bath. The RUH can deal with a student who is seriously unwell or has an accident. A First Aid box is kept in the Elac office and basic kits are taken on all excursions. At least one member of the Elac team will be trained in First Aid and will be on-call throughout the day when the students are in English classes or participating in activities. Any injuries/accidents should always be reported to the Elac Office. For further information on our Welfare Policy, please see our "Guide to Elac Courses 2017".

## Academic Programme

Students receive 3 hours 20 minutes of English tuition divided over 3 lessons in the morning or afternoon, four or five days a week; a total of 15 hours per week. There is a balance between language and skills development in mixed nationality classes, with a maximum of 15 students to a class. Students use an Elac workbook which also acts as a record of the student's stay. For more information about Elac's academic programme, please see "Guide to Elac Courses 2017".

### Trinity Examination

For students who wish will be prepared and entered for the Trinity Examination at the appropriate level we have to decide quickly the most appropriate level so any prior input from Group Leaders regarding students' grades would be invaluable and much appreciated.

Preparation for the exam takes place in three additional sessions organised in the afternoons or evenings immediately prior to the exam.

There is an additional charge for entering the exam.

For your information, the exam is offered at 12 Grades. These are as follows:

Initial Stage:           Grade 1; Grade 2; Grade 3.

Elementary Stage:    Grade 4; Grade 5; Grade 6.

Intermediate:         Grade 7; Grade 8; Grade 9.

Advanced:             Grade 10; Grade 11; Grade 12.

It is envisaged that the majority of our students will be entered across grades 3 to 8.

## Activity Programme

We believe that improving students' English doesn't just happen in the classroom. Our sports and activity programme during the day and in the evening gives students' opportunities to enjoy a variety of sports and activities and practice their English in mixed nationality groups.

We have introduced an "activity carousel" into the activity programme in all our centres. The carousel organises students into small multi-national groups who do a number of activities together throughout the course, such as team games, softball and drama. We feel that this element of our programme will help students gain confidence and fluency with their English as well as encouraging them to interact with more students of different nationalities.

### Sports

As with all Elac courses we offer a wide range of sports and activities. These include football, basketball, volleyball, aerobics and table tennis. Swimming takes place at the central pool in Bath.

Students can also enjoy a range of non-sporting activities including drama, dance, IT, arts and crafts.

The varied social programme includes BBQs, discos, talent shows, parties and games evenings, where everyone can have fun and make friends while practising their English with students from other countries.

Students will have the opportunity to take part in a wide range of sporting activities which involve inter-group competitions as well as individual competitions. Trophies and prizes are awarded at the end of the course for the winners.

### Activities

Arts and Crafts: These include designing t-shirts and bags, making key rings, book marks, collages, etc.

Aerobics: A very popular activity with girls, but boys are welcome, too!

Dance: For those students who are interested in dance, we will offer a dance class as required.

Drama: A great way for students to practise their English, make friends and prepare for the Talent Show.

Treasure and Photo Hunts: Mixed-nationality groups working together, following clues and hoping to be the first to complete the challenge!

Special Interest Groups: Elac always makes a special effort to cater for any special interests that our students may have. We cannot always guarantee these, but if any students are especially interested in an alternative activity, please tell us and perhaps we can organise a workshop or other suitable event.

Music Workshop: An opportunity for students to participate in sessions focusing on different aspects of music, such as rhythm, drumming or dance.

### **Evening Programme**

There will be a wide range of evening activities to give the students the opportunity to have fun and make friends. These will include:

**Discos:** All these will be on campus. A full disco with light show will operate and the disco will be open to all students.

**Cinema:** Students will be able to see new and classic films on a huge screen on-campus... in English, of course!

**Sports/Activities:** On certain evenings we will hold more sports competitions, “Fun Olympics” as well as other activities like treasure trails. Details will be clearly posted on notice boards.

**Talent Show:** This is self explanatory and all students are invited to “show everyone their talents”.

**Quiz Nights:** These involve international questions although some parts designed to improve the students’ cultural knowledge of Britain. It is organised in teams and there are prizes for the winners.

**Karaoke:** You don’t have to be the greatest singer in the world to have a go, but you may be!

**Murder Mystery Night:** There’s been a murder – students must interview some interesting characters to solve the mystery.

**“Casino Royale”:** A fun night with roulette, playing cards, etc.

### **Club International**

This is a young person’s club where there will be music, games and a tuck shop and other amusements. It is designed as a meeting place for our students to relax, come together and make friends.

## Our Excursions

Our included excursions at Bath Spa University visit a number of fantastic local cities and sites. We recommend to our groups to visit Stonehenge and Salisbury rather than London because of the travel time involved and also because many students will have visited London previously. However, we recognise that for some groups it is essential to include a visit to London, and so the choice is yours!

### Stonehenge & Salisbury or London

Our excursion to **London** will begin with a walking tour of the city – the best way to see all the world-famous landmarks. Whether this is your first visit or not, we're sure that you will want to have a chance to see Buckingham Palace, The Houses of Parliament, Westminster Abbey, Trafalgar Square and much more. At the end of the sightseeing tour, you will have some free time in Oxford Street (or another location your group has chosen) to visit some shops and buy souvenirs.

If you want to do something different with your afternoon, London has something for everyone. Here are some alternative activities we can help you arrange:

- Natural History Museum
  - Science Museum
  - London Eye\*
  - The Shard\*
  - Covent Garden
  - British Museum
  - National Gallery
  - London Aquarium\*
  - Camden Market
- (\*additional costs)

**Stonehenge** is a prehistoric monument located in Wiltshire, 8 miles north of Salisbury. One of the most famous sites in the world, Stonehenge is the remains of a ring of standing stones, which archaeologists believe was constructed from 3000 BC to 2000 BC. The site and its surroundings were added to the UNESCO's list of World Heritage Sites. A visit to Stonehenge includes a guided tour of the site.

**Salisbury** is a cathedral city in Wiltshire, and the only city within the county with a population of 41,682. Known as 'the city in the countryside', Salisbury is surrounded by a landscape so quintessentially English it's almost too good to be true.

Within the Chapter House at Salisbury Cathedral you'll find the best preserved of the four original Magna Carta manuscripts dating from 1215AD.

With timbered buildings, an Early English Gothic Cathedral home to the famous Magna Carta, a thriving market, a buzzing arts scene, museums and some of England's finest historic houses there are many things for you waiting to be explored.

A visit to Salisbury includes a tour of the city, entrance to the cathedral and some free time to look around the city or to do some shopping.

## Elac Study Vacations Bath Spa – Centre Guide

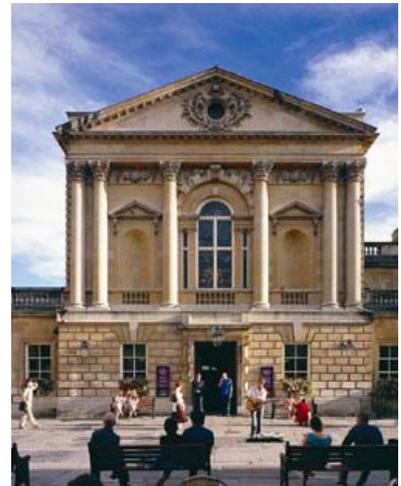

### Cardiff

This excursion involves a visit to Cardiff Castle, followed by free time for shopping and a look around the city centre. Cardiff Castle is one of Wales' leading heritage attractions and a site of international significance. During 2000 years of history, the Castle has been a Roman Garrison, a Norman stronghold and in Victorian times was transformed into a gothic fairytale fantasy.

### Bath

Bath is a fascinating city and there are many places to explore. Our visit includes a tour of the famous Roman Baths, with an audio guide available in different languages. There is then a walking tour taking in the main sites, like Bath Abbey, Pulteney Bridge, and the Royal Crescent. There is also time to sample some of the many shops on offer.

### Bristol

Bristol is the eighth largest city in the UK with a population of just under half a million people. It is a bustling city with a vibrant music scene and is home to the street artist Banksie. The city has an interesting seafaring heritage, and much of the dock area has been redeveloped as a leisure area with many cafes and restaurant and public spaces.

Our visit to Bristol begins with a chance to view and walk across the Clifton Suspension Bridge, built by the renowned engineer Isambard Kingdom Brunel. Following this we will visit another of Brunel's achievements, the SS Great Britain, the first iron hulled ship to cross the Atlantic.

There will be free time to visit the large recently constructed indoor shopping centre, Cabot Circus, or else to follow the 'Banksie trail' and see some of the street art in the city, or to visit the city museum.

## **Other Information**

### **Airport Arrivals**

On arrival at the airport, proceed through immigration and on exiting the customs hall, look for the Elac representative, wearing a blue Elac t-shirt holding a large sign with the Elac logo. You will then be taken by coach to Bath Spa. On arrival, you will be met by our staff and shown to your rooms. You will be given a programme for registration and orientation on the following day.

### **Registration**

All students will be formally registered prior to or after their assessment test. They will receive the following items: Student workbook and course programme, and an Emergency Card.

### **Elac Main Office and Information Centre**

Elac has a dedicated office and its location will be given out when you arrive. We will try to have everything you need available in this centre, so if you require anything at all, please come in and ask.

### **Fire Safety & Drills**

Students will be informed of fire safety procedures on their first day, and take part in a practice fire drill. There are also signs in the accommodation with this information. Group leaders will be asked to explain to students in their own language the safety procedures.

### **Excursion Meals**

All students will be issued with a packed lunch from the school (or their homestay provider), or with a food voucher to use in shops or restaurants on the excursion. A packed lunch from the school will comprise of: sandwich, crisps, fruit, cake/chocolate bar, mineral water/drink, or similar. On our return in the evening, a late dinner will be taken in the school dining hall.

### **Mailing Address**

All correspondence for your students should be sent to the following address:  
c/o Elac Study Vacations, Bath Spa University, Newton St Loe, Bath, BA2 9BN

### **Laundry**

Coin operated washing machines/dryers are available to use near the residential blocks.

### **Safe**

A safe for passports, tickets and valuables is available in the Elac office.

### **Taxis**

We recommend Abbey Taxis, which provide a very good local service (tel. 01225 444444). If students use taxis they should always ask for a receipt and travel in groups of three/four to keep costs down.
