Welcome to Cardiff

The city of Cardiff, capital of Wales, provides a superb location for our course. The city has undergone a lot of development in recent years around the waterfront and also in the city centre and is now a vibrant and exciting place with lots to offer.

Cardiff is home to the famous Cardiff Castle, a wonderfully preserved monument with over 2000 years of history and a place that we visit on our orientation in the city. It is also the site of the Millennium Stadium which is a venue for football and rugby matches as well as concerts and shows. Just across from the castle stands the National museum of Wales which has collections of local and national interest.

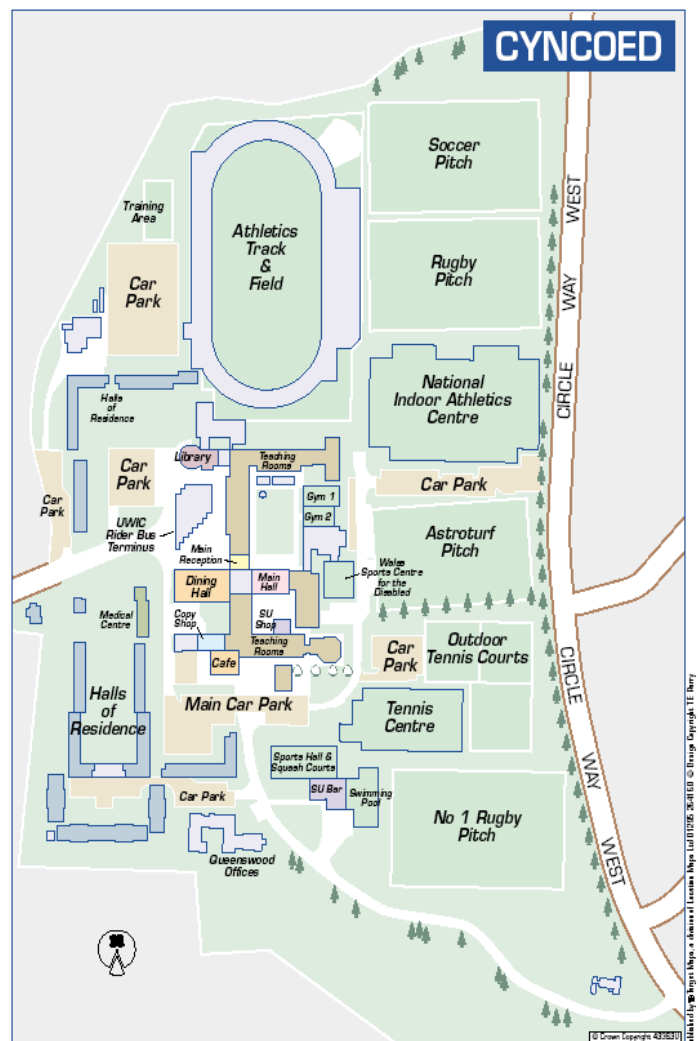

The City centre is compact and much of it is pedestrianized (cars are prohibited) which makes it a great place to take students for free time. It also has a wide range of excellent shops.

Cyncoed Campus

Our courses take place on the Cyncoed Campus, a specialist sports college on an attractive campus just to the north of the city centre, and within easy reach of the centre by bus. The campus includes student accommodation and has extensive grounds and sports facilities, including a swimming pool, as well as a cafeteria and snack bar.

Accommodation

The accommodation is in good quality single study bedrooms in university flats for 6 – 10 students sharing a common kitchen area. Each accommodation block has its own security access code. Some of the accommodation is en-suite, while some have basins in the room and shared shower/toilet facilities. All accommodation is very close to the teaching areas and sports facilities

Student Welfare and Medical Care

All our staff are employed using stringent recruitment methods and receive training regarding student welfare and child protection. Furthermore our teachers are fully briefed to notice if a student is not performing well in class, or appears unhappy. They will report such occurrences immediately to the Welfare Officer, who can then investigate and take the appropriate action. We maintain a good supervision ratio of staff to students, both during activities on-site and excursions off-site.

We keep a record of all student's medical conditions and requirements, so all staff are aware of specific conditions, e.g. food allergies.

If a student becomes unwell, we will arrange to take them to a local doctor. The doctor's practice is a large one, and is used to dealing with students during the summer months. The campus has first aiders on site, but for accidents and emergencies students are taken to University of Wales Hospital, Heath, Cardiff, which is capable of dealing with any incident, large or small. A First Aid box is kept in the Elac office and basic kits are taken on all excursions. At least one member of the Elac team will be trained in First Aid and will be on-call throughout the day when the students are in English classes or participating in activities. Any injuries/accidents should always be reported to the Elac Office. For further information on our Welfare Policy, please see our "Guide to Elac Courses 2017".

Academic Programme

Students receive 3 hours of English tuition divided over 3 lessons in the morning or afternoon, five days a week; a total of 15 hours per week. There is a balance between language and skills development in mixed nationality classes, with a maximum of 15 students to a class. Students use an Elac workbook which also acts as a record of the student's stay. For more information about Elac's academic programme, please see "Guide to Elac Courses 2017".

Trinity Examination

For students who wish will be prepared and entered for the Trinity Examination at the appropriate level we have to decide quickly the most appropriate level so any prior input from Group Leaders regarding students' grades would be invaluable and much appreciated.

Preparation for the exam takes place in three additional sessions organised in the afternoons or evenings immediately prior to the exam.

There is an additional charge for entering the exam.

For your information, the exam is offered at 12 Grades. These are as follows:

Initial Stage: Grade 1; Grade 2; Grade 3.

Elementary Stage: Grade 4; Grade 5; Grade 6.

Intermediate: Grade 7; Grade 8; Grade 9.

Advanced: Grade 10; Grade 11; Grade 12.

It is envisaged that the majority of our students will be entered across grades 3 to 8.

Activity Programme

We believe that improving students' English doesn't just happen in the classroom. Our sports and activity programme during the day and in the evening gives students' opportunities to enjoy a variety of sports and activities and practice their English in mixed nationality groups.

Sports

The Cyncoed campus has wonderful sports facilities including indoor and outdoor tennis courts, an all-weather astroturf and two indoor gyms. In addition there is an indoor swimming pool. Students will have the opportunity to take part in a wide range of sporting activities which involve inter-group competitions as well as individual competitions. Trophies and prizes are awarded at the end of the course for the winners.

Activities

Arts and Crafts: These include designing t-shirts and bags, making key rings, book marks, collages, etc.

Aerobics: A very popular activity with girls, but boys are welcome, too!

Dance: For those students who are interested in dance, we will offer a dance class as required.

Drama: A great way for students to practise their English, make friends and prepare for the Talent Show.

Treasure and Photo Hunts: Mixed-nationality groups working together, following clues and hoping to be the first to complete the challenge!

Special Interest Groups: Elac always makes a special effort to cater for any special interests that our students may have. We cannot always guarantee these, but if any students are especially interested in an alternative activity, please tell us and perhaps we can organise a workshop or other suitable event.

Music Workshop: An opportunity for students to participate in sessions focusing on different aspects of music, such as rhythm, drumming or dance.

Evening Programme

There will be a wide range of evening activities to give the students the opportunity to have fun and make friends. These will include:

Discos: All these will be on campus. A full disco with light show will operate and the disco will be open to all students.

Cinema: There will be at least one opportunity for all the students to go to the local cinema in Cardiff. Students will be able to see one of the latest releases... in English, of course!

Sports/Activities: On certain evenings we will hold more sports competitions, “Fun Olympics” as well as other activities like treasure trails. Details will be clearly posted on notice boards.

Talent Show: This is self explanatory and all students are invited to “show everyone their talents”.

Quiz Nights: These involve international questions although some parts designed to improve the students’ cultural knowledge of Britain. It is organised in teams and there are prizes for the winners.

Karaoke: You don’t have to be the greatest singer in the world to have a go, but you may be!

Murder Mystery Night: There’s been a murder – students must interview some interesting characters to solve the mystery.

“Casino Royale”: A fun night with roulette, playing cards, etc.

Club International

This is a young person’s club where there will be music, games and a tuck shop and other amusements. It is designed as a meeting place for our students to relax, come together and make friends.

Our Excursions

Cardiff

This half day excursion involves a visit to Cardiff Castle, followed by free time for shopping. or to look around the city centre. Cardiff Castle is one of Wales' leading heritage attractions and a site of international significance. During 2000 years of history, the Castle has been a Roman Garrison, a Norman stronghold and in Victorian times was transformed into a gothic fairytale fantasy.

Swansea and The Mumbles

Our full-day excursion is to Swansea. This attractive city, rich in art and culture, is situated at the gateway to the Gower peninsular, an area of outstandingly beautiful coastline. Our visit includes a tour of the National Maritime Museum and the Dylan Thomas Centre. Dylan Thomas (27 October 1914 – 9 November 1953) was a Welsh poet and writer who wrote exclusively in English. In addition to poetry, he wrote short stories and scripts for film and radio, which he often performed himself. His public readings, particularly in America, won him great acclaim; his sonorous voice with a subtle Welsh lilt became almost as famous as his works.

After lunch, there is the option to look around Swansea and do some shopping, or visit the beach and have a walk and an ice-cream.

Big Pit

Big Pit is a real colliery. It was the place of work for hundreds of men, women and children for over 200 years - a daily struggle to extract that precious mineral that stoked the furnaces and lit the household fires of the world. This visit gives you a fascinating opportunity to explore what their life was like.

The guided tours, conducted by experienced colliery personnel, last just under an hour. A further 20 minutes or so is taken in 'kitting up' with helmet and cap lamp, collecting contraband (cigarettes, matches, mobile phones, battery-operated equipment etc.) and riding through the shaft. The tour begins with a 300ft (90m) descent down the mineshaft by pit cage.

You can also visit the original Big Pit colliery buildings around the site, including the Fan House, Blacksmith's Forge, Stables and Winding Engine House.

Mining Galleries

An exciting 20-minute audio-visual presentation describes life at the coal face and methods of coal mining throughout the ages. Your virtual guide takes you through a simulated mine, where a modern coal face is brought to life with light and sound.

Bath and the Roman Baths

Our full day excursion includes a walking tour of this beautiful, historic city and a visit to the Roman Baths. There is also free time to shop or visit some of Bath's other museums.

Walk where Romans walked on ancient stone pavements as you imagine yourself in Aquae Sulis, the town the Romans built around the mineral rich waters. There is an audio guide that gives many fascinating facts about life in Roman times, and about the Goddess Minerva who was worshipped here.

Shopping in Bath is a delight: from unique independent shops to major brands, and with the new Southgate Centre open, there is something for everyone.
