# CLIL (CONTENT & LANGUAGE INTEGRATED LEARNING) AT ARDINGLY COLLEGE, BATH SPA UNIVERSITY & CHRIST'S HOSPITAL SCHOOL SPECIALIST PROGRAMME

Our CLIL programme has been designed for learners to study academic subjects through the medium of English. While the focus is on the subject content rather than language, students continue to develop their fluency, expand vocabulary, and practise all four language skills during the course. Lessons are interactive with collaborative skills developed through pair and small group work. Where possible, the lessons focus on British themes, thus expanding the students' knowledge of the UK and its culture.

The course is delivered by qualified teachers, who have experience working with International students. Classes take place in appropriate modern classrooms, with all necessary facilities and equipment, and technology.

In our CLIL programme we include 16 classroom sessions over a two-week period; a total of 20 hours.

- Session 1 (1hr 15min) - Introduction to CLIL**
- Session 2 (1hr 15min) - CLIL Classroom Quiz**
