

## STUDY VACATIONS

# PERFORMING ARTS AT BATH SPA UNIVERSITY

## SPECIALIST PROGRAMME

The Performing Arts programme at Bath Spa University is for 7-12-year-old students. Students will learn and develop their English language skills through drama, music, and art. It is suitable for those who have previously performed, or are interested in the arts, as well as for those with no experience and who want to be more creative and learn English in an unconventional way.

This programme aims to improve fluency, increase motivation, and build confidence and communication skills; activities such as improvisation, pronunciation games, and voice projection activities will help with this.

Collaboration and team-work skills will also be developed with students working together throughout, culminating in an end of course performance in which every student will take part, either on stage or behind the scenes.

A Trinity Stars Expert from Trinity College London will attend the final performance and award all students, who have taken part on the day. Students will later also receive individual Trinity Stars: Young Performers in English diplomas.

In our Specialist Performing Arts programme we include 6 sessions over a two-week period; a total of 12 hours.

**Session 1 (2hrs) - Warmer activities, pronunciation, articulation and voice projection**

**Session 2 (2hrs) - Improvisation and acting techniques**

**Session 3 (2hrs) - Scripted plays and role play**

**Session 4 (2hrs) - Use of music and body movement**

**Session 5 (2hrs) - Costume, set and prop design**

**Session 6 (2hrs) - Final preparation and performance**

Summer 2021 price: **£300 per student**

(included; all tuition with experienced and qualified instructors, all necessary equipment and access to suitable facilities)

To get an idea of what a 2-week residential Elac course at Bath Spa University + the Performing Arts specialist programme add-on looks like this summer, see our sample programme below.
