## VIRTUAL LEARNING PROGRAMME

At Elac we have built up a wealth of interactive, communicative teaching material and experience over many years of delivering English Language courses.

We work with a network of dedicated, experienced and qualified teaching professionals, many with English language backgrounds. A number of our teachers also have specific subject based knowledge, have delivered STEM and CLIL programmes, and are experienced with preparing students for exams, such as IELTS, IGCSE and Cambridge.

We are offering flexible virtual classes where students can sign up individually, as a pair, or a small group. The classes will be adapted to suit the needs and level of the participants, as well as agreeing on a suitable timetable which fits in with the students' other commitments.
